# Journey of the Heroes

Welcome to Journey of the Heroes! This is a multiplayer online game where the objective is to find the ring and deliver it to the quest giver at the beginning.

## ## Installation

For Windows unzip the attached file and run the 'Journey of the heroes.exe'. For your android device, copy the JourneyOfTheHeroes.apk to your Android Device.

## ## Starting the game

Host: Click Begin -> Create Lobby and enter Player Name and Lobby Name -> Click Create. This may take some time depending on your network and device -> Inside Lobby other players may join with Quick Join. Click 'Start' button when everybody has pressed Ready.

Clients: Click Begin -> Join Lobby and enter Player Name. Press Ready.

## ## Gameplay

Players will spawn in a outdoor area and need to explore the surrounding area to find the entrance to the mine where the ring is located. The player who returns with the ring first wins the game. There are power-ups to and torches in the mine to aid you in your quest. Avoid getting killed by enemies and defend yourself with a wooden sword.

## ## Controls

- Use the WASD keys to move your character.
- Press the Space key to attack the enemy.
- Press escape to show leave button.
- For Android: use the on-screen joystick to move your character, and press the lower right symbol to attack. Press the cog symbol to show the leave button.
- For Chat, upper left corner. Simply enter a text message, press enter/ok and it will appear alongside your name. The message will be shared with everyone. On Android: you must click in the game window to exit the chat.

## ## Multiplayer

Journey of the Heroes is a multiplayer game, so you will be playing against other players online. The game only supports public lobbies with quick join, and private lobbies are not available at this time.

Thank you for playing Journey of the Heroes!
